Acronyms

E-TDMA	Extended TDMA	GPRS	General Packet Radio Service
EIA	Electronic Industries Association	GSM	Groupe Speciale Mobile, Global System for Mobile Communications
EIR	Equipment Identity Register		
ETSI	European Telecommunication Standards Institute		
		HDLC	High level Data Link Control
FACCH	Fast Associated Control Channel	HLR	Home Location Register
FCC	Federal Communications Commission	HSN	Hopping Sequence Number
FCCH	Frequency Correction Channel	IAB	Internet Activities Board
FDD	Frequency Division Duplex	IAM	Initial Address Message
FDMA	Frequency Division Multiple Access	IETF	Internet Engineering Task Force
FEC	Forward Error Correction	IMEI	International Mobile Equipment Identity
FPLMTS	Future Public Land Mobile Telecommunication System	IMSI	International Mobile Subscriber Identity
		IMTS	Improved Mobile Telephone Service
GMSC	Gateway MSC	IN	Intelligent Network
GMSK	Gaussian Minimum Shift Keying	IP	Internet Protocol
GPCH	GPRS Packet Channel	ISDN	Integrated Services Digital Network

Acronyms

ISO	International Standards Organization	MAIO	Mobile Allocation Index Offset
		MAN	Metropolitan Area Network
ISP	Intermediate Service Part	MAP	Mobile Application Part
ISUP	ISDN User Part	MD-IS	Mobile Data Intermediate System
ITU	International Telecommunication Union	MDBS	Mobile DataBase Station
		MH	Mobile Host
ITU-T	ITU Telecommunication Sector	MIN	Mobile Identification Number
IWF	Interworking Function	MM	Mobility Management
		MNLP	Mobile Network Location Protocol
LAI	Location Area Identifier	MoU	Memorandum of Understanding
LAN	Local Area Network	MS	Mobile Station
LAP	Link Access Protocol	MSC	Mobile services Switching Center
LAPB	Link Access Protocol - B Channel	MSIC	Mobile Subscriber Identification Number
LAPD	Link Access Protocol - D Channel		
LAPDm	LAPD Mobile	MSISDN	Mobile System ISDN
LCI	Local Cell Identifier	MTA	Mobile Telephone System A
LSAI	Local Service Area identifier	MTB	Mobile Telephone System B
LSB	Least Significant Bit	MTD	Mobile Telephone System D
		MTP	Message Transfer Part
M-ES	Mobile End System	MTSO	Mobile Telephone Switching Office
MAC	Medium Access Control		

Acronyms

NEI	Network Entity Identifier
NMT	Nordic Mobile Telephone
OACSU	Off-Air Call Set Up
OAM	Operations, Administration, and Maintenance
OPC	Origin Point Code
OSI	Open System Interconnection
PAD	Packet Assembler Disassembler
PCC	Power Control Channel
PCCA	Portable Computer and Communications Association
PCH	Paging Channel
PCS	Personal Communications System
PIN	Personal Identification Number
PD	Protocol Discriminator
PLMN	Public Land Mobile Network
PMR	Private land Mobile Radio
POTS	Plain Old Telephone Service
PSPDN	Packet Switched Packet Data Network
PSTN	Public Switched Telephone Network
RACE	Research on Advanced Communications in Europe
RACH	Random Access Channel
RBOCs	Regional Bell Operating Companies
RECC	Reverse Control Channel
RF	Radio Frequency
RIL3	Radio Interface Layer 3
RLP	Radio Link Protocol
RR	Radio Resources
SACCH	Slow Associated Control Channel
